PROFESSIONAL SUMMARY

M.Tech Computer Science student specializing in Data Science, with skills in Python, SQL, data preprocessing, exploratory data analysis, and machine learning. Project experience includes a lung cancer risk assessment tool using a Random Forest model and an e-commerce website built with React.js, Node.js, and MongoDB. Seeking internship and entry-level opportunities in Data Science, Machine Learning, or Data Analytics.

PROJECTS

Lung Cancer Risk Assessment Tool Using Machine Learning

- Developed a machine-learning-based application to assess potential lung cancer risk using demographic characteristics, lifestyle factors, and symptom-related inputs.
- Implemented a Random Forest & Linear Regression model to generate predictions based on the selected input features.
- Worked on preparing input data and integrating the model into a risk-assessment application.
- Explored the use of machine learning for identifying patterns associated with potential Early lung cancer risk.

Technologies: Python, Machine Learning, Random Forest ,Linear Regression, Flask (if used in the submitted implementation).

E-commerce Website

- Developed an e-commerce website using React.js for the frontend, Node.js for the backend, and MongoDB for database management.
- Contributed to frontend and backend development and website database tasks.
- Used a separate frontend, backend, and database layer to organize the web application.

Technologies: React.js, Node.js, MongoDB.

EDUCATION

Amity University Mumbai | Master of Technology (M.Tech), Computer Science | 2025–2027

Pacific School of Engineering | Bachelor of Technology (B.Tech), Computer Science | 2020–2024

TECHNICAL SKILLS

Programming & Querying | Python, SQL

Data Science | Data Cleaning, Data Preprocessing, Exploratory Data Analysis (EDA), Machine Learning

Databases | MySQL, MongoDB

Tools | Jupyter Notebook, Google Colab, Git

Web Development | React.js, Node.js

INTERNSHIP EXPERIENCE

Full-Stack Developer Intern | Tops Technology | January 2025 | 6 months

Managed website database tasks.

Contributed as a member of the development team.

CERTIFICATIONS & ACHIEVEMENTS

SAP Certificate | Artificial Intelligence and Machine Learning (2023) **Code Unnati Program**

Academic / Innovation | Secured 3rd rank in Gujarat Technological University in an innovation project.

Sports | Runner-up in a badminton championship during B.Tech.

CONFERNCE PAPER

I published **“Lung Cancer Risk Assessment Tool Using Machine Learning”** in ICRTET-2026 Organized by D.Y Patil College of Engineering & Technology,Kolhapur during 6th to 7th February 2026 In **SCOPUS** Publication
